Local race series features hundreds of cyclists

The Hanson Hills Challenge – a series of bicycle races coordinated by Fun Promotions LLC and hosted by Grayling Recreation Authority (GRA) at Hanson Hills on Sunday, June 6 – featured hundreds of cyclists competing in a variety of divisions.

The races featured an 11-mile course that Justin Andre, Director of Operations for GRA, described as “single track (and) hilly,” with “a little bit of everything.”

The “elite” and “expert” classes did three laps, the “sport” class did two, and “beginner” one.

Temperatures for the day's races were high. **Pg. 18**

Runners compete in 5-mile race at Hanson Hills

Approximately 30 runners competed in Grayling Recreation Authority's (GRA) annual Hanson Hills Challenge Trail Run – a five-mile race – at Hanson Hills Recreation Area on Saturday, June 4.

Twenty-seven runners finished the race. Justin Andre, Director of Operations for GRA, said this year's turnout was “about normal” but the group consisted of more unfamiliar competitors than usual.

“Right around 30 people, that's average,” Andre said. “A lot of new faces in this race, about 90 percent new people, which is odd, but it's good. We're drawing people from all over the state.” **Pg. 17**

Grayling Little League: junior team wins 9-8

Grayling Little League's junior league (ages 13-14) baseball team edged Roscommon 9-8 in extra innings on Thursday, improving the squad's overall record to 7-2. The contest was played at Grayling High School's baseball field.

Grayling led 1-0 at the end of the first inning, scoring its one run on a solo homer by Michael Branch.

Neither squad scored a run in the second inning.

Roscommon reached base on an error and scored on a passed ball, tying the contest at 1-1 in the top of the third. **Pg. 16**

Firefighters save homes, curtail spread of Howes Lake wildfire

by Dan Sanderson
Staff Writer

A wildfire started and extinguished by Mother Nature, with the intervention of dozens of brave area firefighters praised and held in the hearts of many homeowners, destroyed 817 acres of land last week.

The Michigan Department of Natural Resources (DNR) Fire Investigation Unit determined that the Howes Lake Fire started when lightning struck a Jack Pine tree on Monday, June 6. The lightning

occurred when a two-minute storm swept through the region.

“It pretty much came straight across,” said Larry Akers, the emergency management/911 director for Crawford County of the thunderstorm. “After lightning hit the tree, it just smoldered until winds picked up Tuesday.”

The fire destroyed 817 acres of land, three out buildings and five homes had siding damage. The damage occurred on state, military and privately owned land.

The fire was reported by a cellular

phone caller who witnessed a huge column of smoke near North Howes Lakes Road at 1:25 p.m. Tuesday, Akers said.

The Crawford County Emergency Management Department issued an evacuation order for residents living off of Manistee River Road or any side roads between M-72 West and County Road 612.

Crawford AuSable School District students in the effected area were returned to Grayling Elementary School by busses.

Debra Jones, director of Camp

Shawano, a juvenile detention facility located off of Jones Lake Road, said staff readied to move those housed there to Camp Grayling. While the contingency plan was in place, Jones said the staff did not evacuate from the center.

“It looked closer than it actually was, which was the good news,” Jones said. “We were prepared and had things in place and were ready to go if needed, but it missed us by a good distance. We had a great staff on hand and everybody stayed

Mixing up bread at Grayling Farmers Market

Shirley Tracey, the owner of Shirley's Cafe located on M-72 West between Grayling and Kalkaska, shared tips on making bread at the City of Grayling's Farmers Market last Thursday. The debut demonstration for the Farmers Market was held in the Nature Center, where Tracey made bread and served hot rolls right from the oven to people who attended the educational class. Above, Tracey removes bread dough from the hook of her KitchenAid mixer.

Men Who Cook provides many smiles, fills bellies

After 11 years, the Grayling Regional Chamber of Commerce's Men Who Cook is still going strong thanks to the overwhelming support of the Grayling community.

This year's event, held on June 2 at Camp Grayling's Officers Club, saw a crowd of over 125 enjoy the warm summer breeze and wonderful array of food provided by some of Grayling's finest.

Ten chefs came forward to present a fantastic display of food ranging from chicken strips prepared by 8-year old Andrew Walsh, to unbelievably tender venison Swiss steak presented by Gary McConnell. Ron Gribb prepared mouth watering

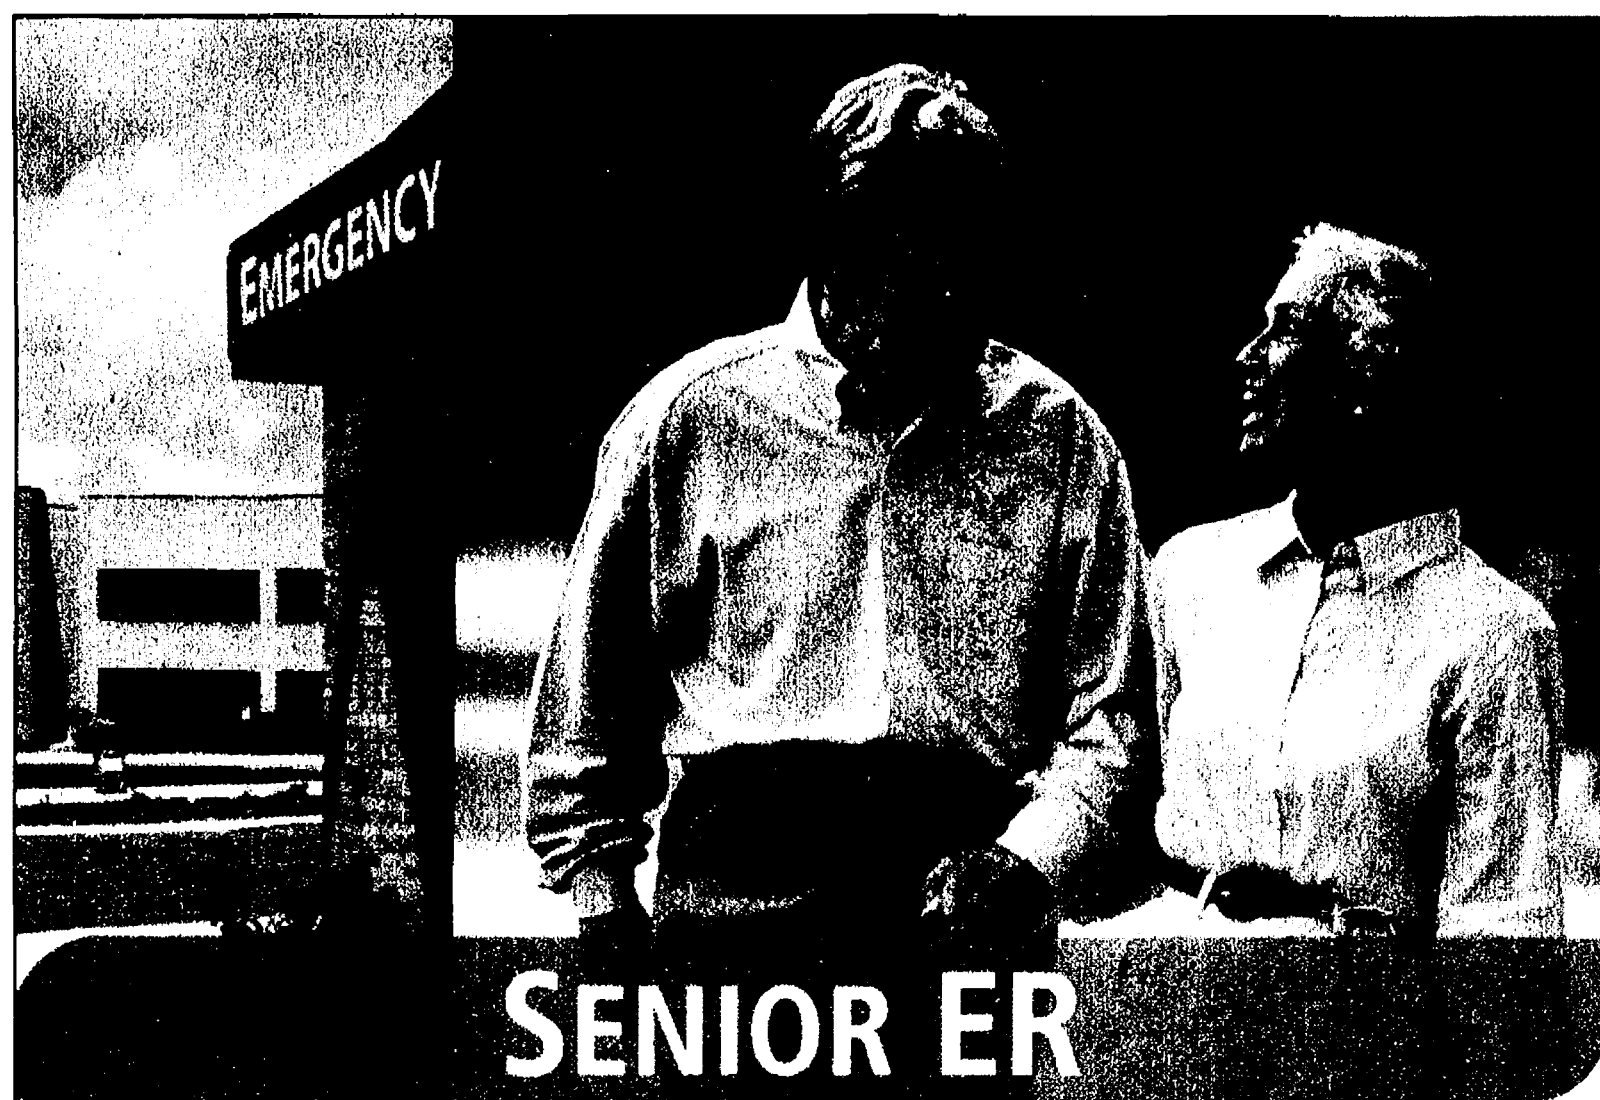

pulled pork, Roger Wilcox dished up his famous Polish chili, Trey Ayers brought a shrimp and rice dish and the shrimp gumbo prepared by Ronnie Denno of Fox Run Country Club created quite a stir among the guests. Monte Burmeister hand grilled buffalo burgers as an appetizer, Dan Mygrant prepared Coney Dog Stew and Randy Thompson reminded all of us to eat our vegetables by way of a beautiful summer salad, said Traci Cook, executive director for the Grayling Regional Chamber of Commerce. Youngster Robert Rousselo once again presented an amazing array of cheesecakes.

For those who have never attended a Men Who

Cook event it truly is a great night out, Cook said. The doors open at 5 p.m., when guests typically get a sneak peak at the menu prior to serving. The 50/50 tickets are sold up until the time dinner is served at 6 p.m. and the drawing is held at 7:30 p.m. This year's 50/50 winner claimed a \$239 payout. New this year was a surprise by Fox Run Country Club, which asked that an additional ticket be pulled for a free round of golf at the club. Rousselo claimed the prize.

Plans for the 2012 Men Who Cook are already underway and the Chamber looks forward to another successful event.

"We hope to see everyone next year," Cook said.

Anglers reel them in at inaugural fishing derby

The Lake Margrethe Property Owner's Association inaugural Fishing Derby, held in conjunction with the state's free fishing weekend on Saturday, was a success.

Children and adults alike braved the chilly weather to catch some exceptional Lake Margrethe fish.

In the children's division, there were five winners. Brandon Gabriel Jr. was the biggest winner with two Skip's Sport Shop certificates worth \$50 for his 2 oz. blue gill and a 7 oz. pumpkinseed. All of the other children received \$25 Skip's Sport Shop certificates for their catches.

Ben Thompson, Kieran Phillips and Gavin Frederick tied for first place with 1 oz. perch. Drake and Daniel Shipman won first place for their 2 lb. 2 oz. walleye.

In the adult division William Goodpaster won first place for his 1 lb. 8 oz. walleye and Craig Tibbits won first for his 6 oz. bluegill. All received Skip's Sport Shop certificates.

The Lake Margrethe Property Owner's Association wants to recognize everyone who participated and those who helped make the fishing derby possible, especially R.J. Hannan and Harry Wojcik for their vision in beginning the event.

Everyone who attended enjoyed the hot dogs grilled by Roger Wilcox along with chips and pop. All of the donors will be acknowledged at the Lake Margrethe Property

Owner's Association next meeting, which he held at 9 a.m. on July 16 at the Grayling Charter Township Hall.

The Lake Margrethe Property Owner's Association plans to make the fishing derby an annual

community event.

The 2012 event date will be determined based on participants feedback. People are encouraged to contact Ken and Sandra Michalik to give feedback or volunteer. They can be reached at ksemichalik88@charter.net.

No clear opponent yet for Stabenow

SO FAR, IT appears, Michigan Republicans are having a tough time coming up with a clear strong candidate or two to challenge incumbent Democratic Sen. Debbie Stabenow for her seat in the US Senate.

Senate opportunities only come around every six years, and its been quite a spell since Michigan Republicans have been able to develop a dangerous challenge to Sens. Stabenow and Carl Levin, the two Democrats who now hold Michigan's two seats in the Senate.

The last Republican to represent our state in the self-identified "greatest deliberative body in the world" was Spencer Abraham, who served a single term before Ms. Stabenow defeated him in 2000.

This year, especially with a fellow Democrat President Obama leading the national ticket for reelection, Ms. Stabenow has a pretty solid chance of keeping her post.

As the new Congress met in January, Sen. Stabenow was appointed chair of the Senate agriculture committee, the most significant job she's had in Washington

so far.

Michigan voters may have noticed a much larger imprint on home state activities by her in the past few months, partly due to her new and important role in agriculture, and partly because she will be on the ballot next year.

She also has been building a considerable campaign fund for the past several years, and as a Washington insider has access to deep Democratic-oriented pockets.

Debbie Stabenow always has been a very good campaigner since she began her elective career as a county commissioner so many years ago, and she seems to have lost none of her enthusiasm nor her effectiveness in grass roots politics.

It will be very difficult for any eventual Republican candidate to beat her in 2012.

* * *

ALL THIS ADDS to the difficulty for top Republicans to come up with a top-line challenger for the Senate seat ... at least so far.

Peter Hoekstra of Holland, who left Congress after 20 years in the House to run a losing campaign for the GOP nomination for governor, pondered the Senate race and decided against it.

So did Terri Lynn Land, term limited last year after eight years as Michigan Secretary of State and early candidate for governor last year, who might have been a front runner to take on Ms. Stabenow.

Ms. Land was not kind to Republican leadership in announcing her withdrawal, claiming party leaders are unwilling to commit resources to the race.

"It's not about words, it's about actions, and the actions just aren't there from the national to the local to say that they want to make this a priority," she said.

"That's what's needed in this kind of a race against an incumbent who's strong."

She's right, of course, at least about the need to commit on both levels of party organization to zero in on what could be a winnable race. Her conclusion that leadership Republicans concluded that Ms. Stabenow's grasp on the seat makes her invulnerable also seems in line with early actions.

* * *

LATEST DECLINE came from national GOP committeeman Saul Anuzis, former state Republican chair, and twice active but unsuccessful in pursuit of the job as

national GOP chair.

Mr. Anuzis said his was a personal decision and many stronger candidates are available to challenge Ms. Stabenow.

Two Republicans are declared candidates - Randy Heckman of Grand Rapids, a former juvenile court judge, and Peter Konetchy, an accountant from Roscommon.

Several others reportedly have been considering seeking the GOP nomination.

According to printed reports, these include: Rob Steele of Ann Arbor, a cardiologist who lost a race against US Rep. John Dingell in 2010; Tim Leuliette, an auto supply executive; and Scotty Boman, who has run before on the Libertarian ticket.

Detroit radio personality Frank Beckman has been speculated as a candidate, but, as one newspaper story said, "he laughed off the suggestion, but did not rule it out."

The Detroit News has reported some grass roots Republicans are trying to lure a former Detroit Red Wing to go after the GOP nomination. No names were mentioned.

* * *

THERE MAY be other potential Republican candidates out there

somewhere.

Coaxing "name" candidates from outside the usual public arenas of politics and government generally has not been a successful way to unseat a solid incumbent.

Tea Party activists may well come forward with a candidate who could attract both state and national support from the Tea Party structure.

The 2012 election is 18 months in the future. In the 2012 presidential race, that's a short time. For the Senate election, it's not nearly so short.

About the only possibility I can come up with who might be on an even par with Debbie Stabenow going into the Senate campaign season would be former Gov. John Engler, now employed at a generous salary by business concerns in Washington, and who maintains a home in Michigan.

But Mr. Engler wouldn't give up all that to come back to Michigan and run for the Senate, would he? No, probably not.

Viewpoint

From Secretary of State Ruth Johnson

Keeping Michigan waterways safe

With the start of the Michigan boating season in May, Secretary of State Ruth Johnson and the U.S. Coast Guard encourage residents to help keep the state waterways and marinas safe by reporting any suspicious or illegal activities to authorities.

Resident involvement is crucial to America's Waterway Watch, the national effort to safeguard the country's marine resources. Combined with the efforts of the Coast Guard and its Reserve and Auxiliary units, Michigan residents, boaters and businesses can provide the "eyes and ears" needed to help monitor thousands of miles of state shoreline and waterways.

"Michigan is a water lover's paradise, whether you boat, fish, kayak, scuba dive, water ski or swim," said Johnson, who oversees the titling and registering of watercraft. "Keeping our waterways and marinas safe is essential to protecting one of the greatest natural resources that has so enriched our way of life. The America's Waterways Watch campaign asks you to do your part by reporting any suspicious or illegal activity to authorities."

Information about America's Waterway Watch is available at all Secretary of State offices and on the

Department of State website at www.Michigan.gov/sos.

This is the seventh year that the Department of State has joined with the U.S. Coast Guard, Coast Guard Auxiliary and the U.S. Power Squadrons in promoting the campaign. Capt. Jeff Ogden, Commander, Coast Guard Sector Detroit; Capt. Joseph McGuiness, Commander, Coast Guard Sector Sault Ste. Marie and Capt. Luann Barndt, commander, Coast Guard Sector Lake Michigan, representing the Great Lakes region, said that public participation makes it possible to monitor thousands of miles of state shoreline and open water with minimal resources.

"Keeping Michigan and the country safe requires constant attention," Midgett said.

"America's Waterways Watch promotes greater public awareness about the importance of defending our waterways by giving citizens an opportunity to participate. All that is required is a watchful eye and common sense. We are pleased to work with Secretary Johnson to make information about the campaign available at all Secretary of State offices." America's Waterway Watch asks residents to report: Any suspicious person who misuses a boat or seems strangely unfamiliar with

them. Any person or watercraft that appears to be loitering or has no specific reason for being in the area. Anyone trying to access a boat by force. Unattended vessels in odd locations. Unusual night operations. Lights flashing between boats and anyone recovering or tossing items into waterways or onto shorelines.

Residents are cautioned to not approach or challenge anyone acting suspiciously. Any concerns should be called into the National Response Center at 877-24WATCH (249-2834). Life-threatening emergencies and serious threats to property should be reported to 911 or called into the Coast Guard on Marine Channel VHF 16.

The Coast Guard and the U.S. Department of Homeland Security sponsor America's Waterway Watch nationwide. More information is available on the Coast Guard website at www.americaswaterway-watch.org.

Information about Secretary of State services and programs is available on the department website (www.Michigan.gov/sos) or through the official Secretary of State Twitter feed (www.twitter.com/Michsos) and Facebook updates (www.facebook.com/Michigansos).

Letters to the Editor

Valiant efforts were made by local agencies during the recent fire

To the editor:

On the afternoon of Tuesday, June 7, 2011 several residents along Manistee River Road were told to evacuate their home by police authorities due to a wildfire in the area. For the next several hours they waited anxiously while calling loved ones and neighbors to inform them of the situation. While the news was spreading, so was the fire and several fire departments, DNR officials, and law enforcement agencies took on the task of saving lives, homes and pets and trying to contain the ruthless fire.

The Manistee Pines Property Owners Association is grateful to all

the law enforcement agencies, fire fighting departments, volunteers, the Red Cross and any other organizations that helped protect us and our property from a near disaster. Due to their valiant efforts, our group of about 20 families was able to return to our homes and cottages with gratitude knowing how close we came to a near disaster. Although our adjacent lot on the east side of the Manistee River Road suffered extensive damage, nature has a way of rejuvenating itself and it won't be long until we see new growth.

Manistee Pines Property Owners Association

My hat goes off to those brave men and women

To the editor:

We are writing this letter to all of the outstanding men and women of our community who were involved in fighting the wildfires on June 9 and 10 near Manistee River Rd. This includes the men and women firefighters, the police officers of Grayling, Frederic, Kalkaska, the DNR, the Sheriff Department, etc.

We live on Manistee River Road and what a joy

it was seeing the dedication and cooperation of the public servants perform their duties in 97 degree weather and flames at least 40 feet high.

They saved many homes from burning up. We are so proud of them, especially under the tough circumstances they worked under that day. My hat goes off to those brave men and women.

The Bible Speaks

Love & Coveting

The last two of the Ten Commandments, "Thou shalt not bear false witness" and "Thou shalt not covet" identify sins of the mouth and heart which normally precede the acts against the other commandments. "8Owe no man any thing, but to love one another: for he that loveth another hath fulfilled the law. 9For this, Thou shalt not commit adultery, Thou shalt not kill, Thou shalt not steal, Thou shalt not bear false witness, Thou shalt not covet..." Adultery, murder, stealing, lying, and covetousness manifest a total lack of love respectively toward human homes, human life, human property, human integrity, and human blessings.

The apostle Paul reminds us in Romans 7:7 that coveting come from the sin of lust and not love: "...I had not known sin, but by the law: for I had not known lust, except the law had said, 'Thou shalt not covet.'" Human lust and sin are not the judgments of human beings, but revealed truth from God's Holy Scriptures. 1 John 2:16 tells us, "16For all that is in the world, the lust of the flesh, and the lust of the eyes, and the pride of life, is not of the Father, but is of the world." Satan tempted Eve to disbelieve God and obey him with this temptation: "6And when the woman saw that the tree was good for food, and that it was pleasant to the eyes, and a tree to be desired to make one wise, she took of the fruit thereof, and did eat, and gave also unto her husband with her: and he did eat." (Genesis 3:6).

Coveting is not just a sin against our fellow human being, it is also a sin of idolatry against God in Colossians 3:5: "Mortify therefore your members which are upon the earth: fornication, uncleanness, inordinate affection, evil concupis-

cence, and covetousness, which is idolatry." We are to mortify or put to death such sin in our body because covetousness is sin against both God and our neighbor. The lust and sin of our first parents in the Garden of Eden brought an inherited sin nature and death upon all of us.

As Jesus reminded the Pharisees in Luke 16:13-15 we cannot place anyone or anything above our worship of God. "No servant can serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot serve God and mammon. 14 And the Pharisees also, who were covetous, heard all these things; and they derided him. 15 And he said unto them, Ye are they which justify yourselves before men; but God knoweth your hearts: for that which is highly esteemed among men is abomination in the sight of God."

God teaches us how to avoid covetousness in 1 Timothy 6: "6But godliness with contentment is great gain. 7For we brought nothing into this world, and it is certain we can carry nothing out. 8And having food and raiment let us be therewith content. 9But they that will be rich fall into temptation and a snare, and into many foolish and hurtful lusts, which drown men in destruction and perdition. 10For the love of money is the root of all evil; which while some coveted after, they have erred from the faith, and pierced themselves through with many sorrows." Jesus said in Luke 12:15: "...Take heed, and beware of covetousness: for a man's life consisteth not in the abundance of the things which he possesseth." Pastor "B"

Obituaries

Robert A. Popp

Robert Albert "Bob" Popp, 86, of Luzerne, formerly of Saginaw, passed away with his family by his side, following a short illness on Friday, June 10, 2011 at his home in Luzerne.

He was born in Saginaw, on August 28, 1924, the son of the late Irving A. and Mary (Phiel) Popp.

He was the husband of Gertrude (Most) Popp his loving wife of 64 years. They were married June 26, 1946.

He served in the U.S. Army Air Corp during WW II in the Aleutian Islands. He retired after 35 years from the Central Foundry where he was a machinist.

He is survived by his wife, Gertrude; son, Irving Patrick (Julie) Popp; two grandchildren, Andrew Popp of Long Beach Calif., and Courtney (Eric) Bohlmann of Queen Creek Ariz.

He was preceded in death by his parents; sister, Betty O'Brien; and a brother, Stuart Popp.

In accordance with Bob's wishes cremation has already taken place and memorials may be made to the Grayling Sportsman's Club, 6990 Old Lake Road, Grayling, MI 49738.

Arrangements by Lashley Funeral Home, Mio.

In Memory of

In memory of our dad, Francis P. Decker, who passed away four years ago June 13, 2007.

Dad, a heart of gold stopped beating, two shining eyes at rest, God broke our hearts to prove he only takes the best. God knows you had to leave us, but you did not go alone for part of us went with you, the day he took you home. To some you are forgotten, to others just part of the past, but to those of us who loved and lost you, the memory will always last.

Sadly missed by daughter, Rose Gildner; sons, Tim Decker, Leroy Decker; grandchildren; and great-grandchildren

Card of Thanks

We would like to thank the Redskins and everyone else who did so much for my "special sister, Judy Morgan" also my "special brother, Bud Morgan."

Thank you for the cards, flowers, phone calls and donations.

IMPORTANT ECONOMIC INFORMATION

During the past few years, low interest rates, war and uncertain stock market performance combined to push prices of gold and silver to their highest levels in 25 years. We have studied the investment and retail markets for decades, and in the past during times of economic uncertainty (which is deepening now), there have been dramatic price declines in many areas of the jewelry, gold and retail markets. Which is why this may be the best time in decades for you to sell for some of the highest prices ever:

Honors

Cyndi Powers, a seventh grade teacher for language arts and science at Grayling Middle School, has been selected by Georgia-Pacific to attend a national teaching institute.

Powers will attend the Keystone Center 2011 Key Issues Institute: Bringing Environmental Issues to the Classroom, which will be held this summer in Keystone, Colo. Powers will join teachers from seven other communities where Georgia-Pacific has facilities.

"Cyndi Powers will be a great addition to this group of teachers working together at the Keystone Center," said Grayling Middle School Principal Jeff Branch. "Cyndi is always working hard to stay current in her field to bring valuable information back to her students and our school."

Bringing Environmental Issues to the Classroom is a national training workshop that provides middle-level educators with the process, skills and confidence to investigate current environmental issues in a non-biased manner with their students. Past session participants have addressed diverse environmental topics such as solid waste management, water quality and issues related to climate change.

Within the context of a scientific investigation, teachers spend the week in traditional classroom lessons and participate in field activities designed to further explore environmental issues. To augment the implementation

of the new methods and techniques learned while at the Institute, participants receive a curriculum, instructional materials and lab kits. The institute also coordinates on-line support from other educators and instructors.

"Our investment in sponsoring teachers to attend the Keystone program absolutely pays dividends," said Chris Lockwood, the Georgia-Pacific Grayling Chemicals plant manager. "Keystone teaches a fact-based, multi-discipline approach and framework on current topics. When teachers return to their schools, they are able to use those techniques to help students better understand the wide variety of environmental issues they may face in their communities."

The Keystone Center seeks to solve our society's most challenging environmental, energy and public health problems. It brings together today's public, private and civic sector leaders to confront these issues and arms the next generation with the 21st Century intellectual and social skills required to effectively approach the questions they will face.

Founded in 1975 by Robert W. Craig, a noted mountaineer, philosopher and public policy researcher, the center is a non-profit organization headquartered in Keystone, Colo., with offices in Denver, Washington, Boston and Santa Fe. For more information, visit www.keystone.org.

Library receives certification for Enhanced Level of Quality Services

The Library of Michigan awarded the Devereaux Memorial Library a certificate of completion for meeting the Enhanced Level requirements of the Quality Services Audit Checklist (QSAC). To earn certification, the Devereaux Memorial Library demonstrated its competence in seven categories of achievement including human resources, governance/administration, services, collection development, technology, facilities and equipment and public relations/marketing.

"We are proud that the Devereaux Memorial Library has done such good work in providing services deemed essential by the Library of Michigan," said Crawford County Library Board President Jeri Selthoffer. "By focusing efforts on these key areas, our library has shown a strong commitment to customer service."

QSAC has defined enhanced services as quality measures are more difficult to achieve than the Essential Level. The Enhanced Level may require more funding and starts where Essential Services leave off. These standards are a commitment to the library to quality management and services beyond the basics.

"Two years in the making, QSAC represents the work of more than 100 library directors, trustees and staff members who together created measures of quality for our state's public libraries," said State Librarian Nancy

Roberston. "The staff of the Crawford County Library System is to be commended for achieving a vital milestone in library service."

QSAC was made possible by the Institute of Museum and Library Services through LSTA funding. The Institute of Museum and Library Services, an independent Federal grant-making agency dedicated to creating and sustaining a nation of learners by helping libraries and museums serve their communities, supports the Crawford County Library System.

C.O.O.R. awarded two grants

The COOR-ISD has received a five year, \$250,000 grant to implement an early childhood literacy and school-readiness program using the nationally-known model Reach Out and Read model within Crawford, Ogemaw, Oscoda, and Roscommon Counties. The COOR-Iscosco Great Start Collaborative will operate the program which is designed to support early brain development through reading by providing books to low-income children ages 0-5, and assisting their parents in understanding the importance of reading aloud as it relates to brain development and school readiness.

The grant is provided through the U.S. Department of Health and Human Services' Health Resources and Services Administration's Maternal and Child Health Federal Consolidated Program under the competitive funds as part of the Healthy Tomorrows Partnership for Children Program.

The five year program will

be financed 100% by federal funds in the first year of operation, followed by years two through five requiring that non-federal matching funds be provided equal to two times the amount of the federal grant award. This will require the COOR-Iscosco Great Start Collaborative to raise \$100,000 in non-federal support for the last four years of the grant period.

Federal funds will be supplied for a five year period based on continued availability of funding at the federal level, ability to raise matching funds, and the program showing its effectiveness by reaching established performance-based goals.

The grant award was one of only eight awarded nationwide, with other awards being made in large urban areas including Chicago, Los Angeles and Boston.

Ruggero Dozzi, Director of Special Education Services for COOR-ISD, said they were thrilled to receive notice of this grant award. "It is wonderful to get federal money awarded in northern Michigan and these dollars will allow us to provide a program with a strong, proven record of success to children and their families," said Dozzi.

Doctors, nurse practitioners, and other medical professionals incorporate Reach Out and Read's evidence-based model into regular pediatric checkups, by advising parents about the importance of reading aloud and giving developmentally-appropriate books to children. The program begins at the six month checkup and continues through age five, with a special emphasis on children growing up in low-income communities. Families served by Reach Out and Read read together

more often, and their children enter kindergarten with larger vocabularies and stronger language skills, better prepared to achieve their potential.

The second grant award also involves federal funds that have been awarded to the Early Childhood Investment Corporation (ECIC), which have been awarded to 35 Great Start collaboratives statewide to establish a Great Start Early Childhood Fund.

This grant provides up to \$100,000 in federal American Reinvestment and Recovery Act (ARRA) dollars to provide stipends to low-income families so that they can have their child attend quality educational childcare and preschool prior to entering public school.

"All of the current research in early childhood education points to the importance of children having a structured learning and social environment prior to entering Kindergarten," stated Hesse. "When kids have two full years of social and educational activities in childcare or preschool settings, they enter Kindergarten ready and able to interact positively in public school classroom settings. This sets them on a strong path to do well in school, score higher on standardized tests, and remain in school with a lower incidence of behavioral concerns than the kids who haven't had the opportunity for pre-K involvement," added Hesse.

The federal government requires that their portion of the grant award be used solely for the purpose of providing financial assistance to access quality childcare/preschool to low-income families at or below 200% of poverty with children three years of age by

Dec. 1. The grant will provide up to a total of \$5400 for a 12-month period for a qualifying child to attend up to a five, full-day childcare/preschool program.

The grant has a cash match requirement of 1:1, meaning that for every dollar that the Great Start Early Childhood Fund receives from the federal government, they must raise one dollar in matching funds. "If we want to receive the full \$100,000, then we must raise an additional \$100,000," said Hesse. "We have started a strong solicitation program within all of our five counties to generate these funds that include requests for funding to local United Ways, Community Foundations, local service and fraternal organizations, and numerous larger grant requests to Michigan-based foundations that are interested in funding early childhood programs. We are confident that we will generate the required matching funds, but we need the community's help to do it," added Hesse.

The matching funds for this grant will be used to provide additional childcare scholarships and help to expand the number of childcare facilities that we currently have in our communities. We have a serious shortage of available childcare/preschool programs in the COOR-Iscosco area. A portion of these funds will address this issue by assisting those interested in opening a group childcare home to move forward with their plans to do so.

Finally, these funds will be used to leverage future funding requests in order to build a consistent pool of funds that will be available to the COOR-Iscosco area to address service gaps in early childhood programs.

GHS sprinter takes 10th at state finals

Four runners from Grayling High School's girls track team recently competed at the state finals, posting a 10th place finish in the 200m dash and a DQ in the 400m relay. The state meet was held on June 4 at Comstock Park.

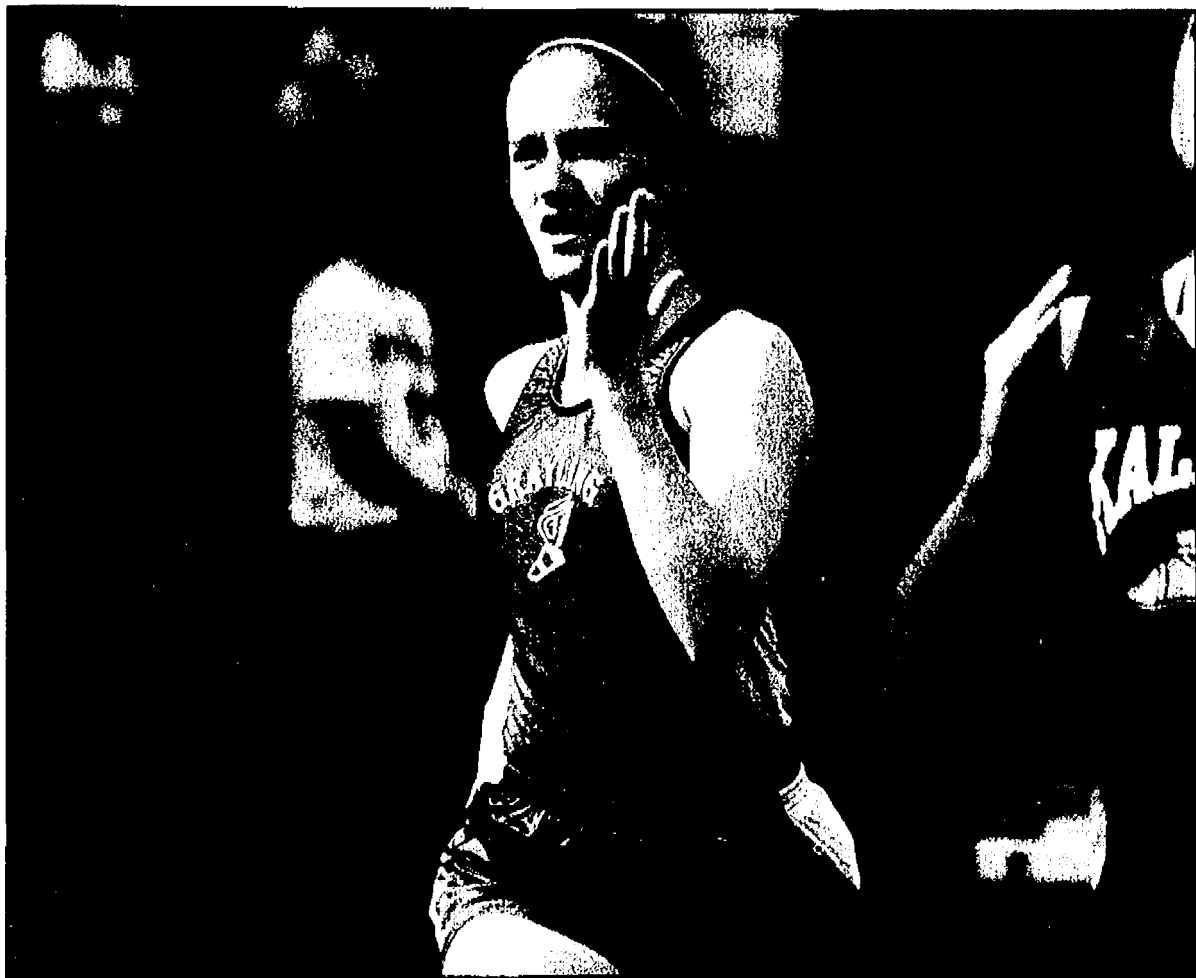

Shanley Dorn posted a time of 26.65 in the 200m dash at the state meet, a new school record in the event. She took 10th place.

Grayling's 4x100m relay group - Dorn, Aleeshia Allison, Stanna Dorn, and Samantha Hansen - did not finish the event at the state finals due to an exchange zone violation.

"These four girls gave everything they

had all season long and this was a tough way to go out. They have run this relay to near perfection the last two years and today they were pushing the limits to earn another podium finish," Coach Tim Gariglio said.

"They were in the same situation as last year in the third of four heats and they had to blow the doors off of the other teams in their heat to get a shot for top eight. They were in the lead when the violations occurred; however, they had to push the limits and they did and didn't make the connection," Coach Gariglio said. "They had a great season and I know this will make them want it even more for next season."

Shanley Dorn, who placed 10th at the state finals, runs in the 200m dash during regionals.

Wednesday Ladies League

What a difference a day makes, or in this case a week. On Wednesday, June 8, our day was extremely hot, but golfing in the morning did help a bit. Prior to our play, Sherry Hanson handed out our playbooks for the season and it was, as usual, a job well done.

In our regular play this week in Flight A, Shelly Cohee had a low net of 33 and Donna Thomson had low puts of 13.

In Flight B, Judy Williamson had a low net of 31, and Diana Doremire had low puts of 14.

In Flight C, there was a tie for low net of 40 between Nancy Hoffman and Pat Kennedy while Rhea Gierke had low puts of 15.

There was a special "game of the day" today of Three Blind Holes chosen by the golf committee and that was won by Marilyn Hartman and Donna Thomson, so we split that prize and after my article last week about having a drought of chip-ins or birdies, Shirley Young had a

chip-in on #1 and Marilyn Hartman had a birdie on #7, as did Donna Thomson on #5.

Had a nice lunch of a cottage cheese fruit plate or a taco salad.

Next Lynda Hetrick our "Play for Pink" chairperson asked for volunteers to help on that day. So far Juanita Brown, Shelly Cohee and Deb Periard are taking care of prizes. Mo McNamara, special mailings, Nancy Hoffman and committee, inside decorating and Char Clark offered to help me outside with decorating out- ing. A sheet was passed around for people to bring in appetizers. I know there were more who offered, but I will include them in a later article.

To those of you reading this, and are not a member or in our league, please set aside June 29 to play and either round up your own team of four or let us know and we will put a team together for you. If you are a member of the Grayling Country Club the fee is \$30 and non-members \$55. This includes \$20 for breast cancer, the rest for 18 holes

of gold with a cart and lunch. Looking forward to your phone call.

Needless to say, because of the heat, we all went home to cool down, so until next week, that's all "fore" now.

Tuesday Ladies League

It was a very warm morning for the Tuesday Morning Ladies Golf League at Grayling Country Club. Just the same, we all played and had a great time. The McNamara twins, Katie and Bev, ended up with less for the day but still are holding first place. Deb Bonkoski and Mickey Perez are in second place with Wendy Kucharek and Sandy Winkle closely behind. Katie had the low puts for the day and a skin to win. Linda Fouts, Carlene McMurtrie, and Roxanne James each took a skin as well. We had the honor of Nancy Glasslee subbing for Wendy for the day. If you are interested in playing on a 18-hole golf league, come join us.

Michael Branch, left, rounds third base after hitting a home run vs. Roscommon on Thursday night. Gunner Metzger, right, bats for Grayling's junior league team.

Shortstop Scout Tobin, left, throws to first base on Thursday vs. Roscommon. Second baseman Dallas Johnson, right, fields a grounder on Thursday night.

Grayling Little League

Junior Baseball (13-14)
 Grayling Little League's junior league (ages 13-14) baseball team edged Roscommon 9-8 in extra innings on Thursday, improving the squad's overall record to 7-2. The contest was played at Grayling High School's baseball field.

Grayling led 1-0 at the end of the first inning, scoring its one run on a solo homer by Michael Branch.

Neither squad scored a

run in the second inning.

Roscommon reached base on an error and scored on a passed ball, tying the contest at 1-1 in the top of the third.

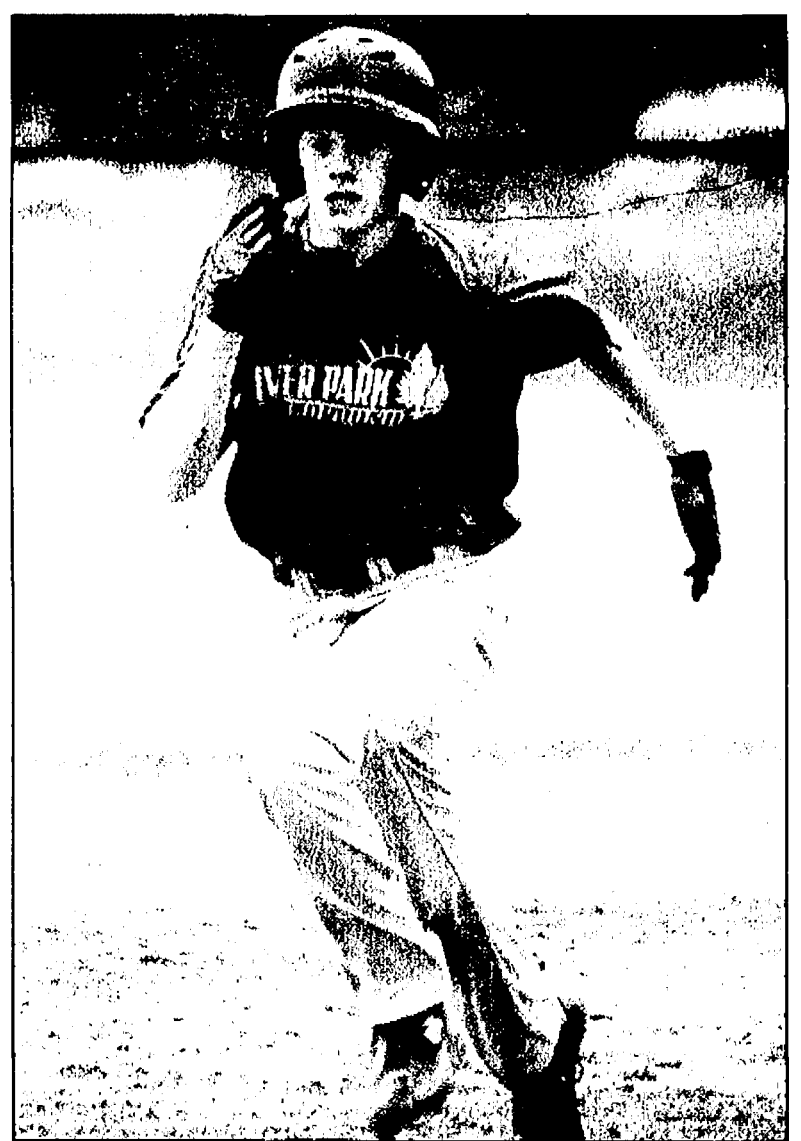

In the top of the fourth inning, Roscommon scored four more runs, capitalizing on two Grayling errors and a passed ball after hitting two one-out singles to get the inning going. Roscommon led 5-1.

Branch led off the bottom of the fourth with a triple and scored on an RBI-single by Justice Junttila. Junttila scored on a pick-off play. Grayling trailed 5-3 going into the fifth inning.

Grayling scored five runs in the bottom of the fifth inning to take an 8-5 lead. Zack Cheney drew a one-out walk. Darin Nicholas singled to center. Cheney and Nicholas both scored on a single by Branch, tying the score at 5-5. Junttila singled. Scout Tobin drove in Branch. Brandon Kowalski walked. Gunner Metzger reached base on an error and Junttila scored on the play. Tobin scored on a passed ball for Grayling's eighth run of the contest.

Roscommon scored three times in the top of the sixth to tie the game at 8-8. The lead-off batter walked, stole second, took third on a passed ball, and scored on an error. Another walk and a series of mistakes led to another run.

With no outs in the top of the sixth inning Grayling switched pitchers, going from Branch to Junttila. Branch finished with eight strikeouts, allowing only

Zack Cheney runs from second base to third for Grayling on Thursday vs. Roscommon.

three hits in five innings.

Roscommon scored one more run in the top of the sixth on a throwing error, tying the game at 8-8.

Nicholas singled to start the bottom of the sixth for Grayling. The next two batters flied out. Nicholas stole second and Tobin walked. A strikeout ended the inning.

The score was tied at 8-8 going into the seventh (final) inning.

Grayling's defense posted a one-two-three inning, getting a strikeout and two outs on grounders.

Metzger led off the bottom of the seventh with a walk. He stole second. The next

two batters struck out. Metzger stole third, but a ground ball to the pitcher ended the inning.

The game moved into extra innings.

Roscommon drew a lead-off walk but Grayling got the next three batters out (fly out to second, strikeout, ground ball to the pitcher).

Branch doubled with one out in the bottom of the eighth inning. Junttila singled to drive in Branch, ending the game. Grayling won 9-8.

Junttila, pitching in relief, struck out four batters and didn't allow a hit.

"Way too many errors, but to still come out ahead is something to say for their character," Coach Dale Metzger said.

On offense, Branch hit for the cycle (single, double, triple, home run), going 4 for 5 with three RBIs and four runs scored. Junttila was 4 for 5 (one double) with two RBIs and two runs scored. Nicholas was 2 for 3 with one run scored.

Runners leave the starting line during the beginning of the 2011 Hanson Hills Challenge Trail Run on Saturday, June 4.

Runners compete in 5-mile race at Hanson Hills

Approximately 30 runners competed in Grayling Recreation Authority's (GRA) annual Hanson Hills Challenge Trail Run - a five-mile race - at Hanson Hills Recreation Area on Saturday, June 4.

Twenty-seven runners finished the race. Justin Andre, Director of Operations for GRA, said this year's turnout was "about normal" but the group consisted of more unfamiliar competitors than usual.

"Right around 30 people, that's average," Andre said.

"A lot of new faces in this race, about 90 percent new people, which is odd, but it's good. We're drawing people from all over the state."

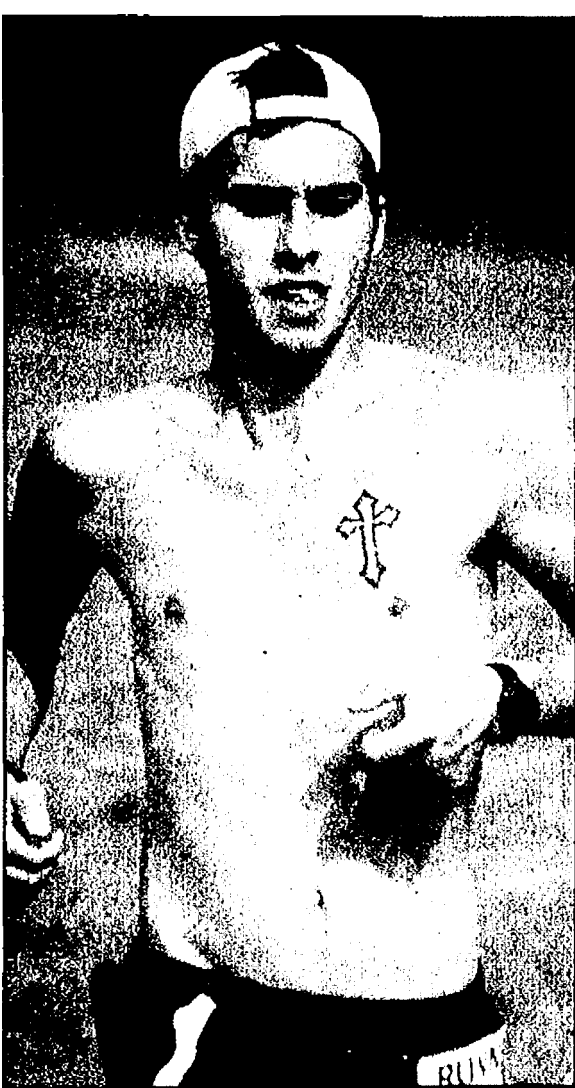

Andre described the five-mile course for this year's Hanson Hills Challenge Trail Run as a "hilly two-track through the woods. It's a nice course."

Jason Drudge (male 20-29), with a final time of 0:28:13, was the overall winner for the men's division. Samara Sabin (female 30-39) won the women's division with a time of

0:37:34.

Other results, by age division (courtesy of GRA), are as follows: (men's 20-29) Jacob Boone, 0:35:02; Ryan Harris, 0:35:20; Martin Schaffer, 0:35:28; Tim Tubbs, 0:41:35; Frank Siemienski, 0:43:47; (women's 20-29) Shawna Goodhue, 1:08:59; (men's 30-39) Bob Smith, 0:36:25; Christo Miner, 0:38:34; William Weeks, 0:59:28; (women's 30-39) Tina Mickelson, 0:50:33; Jessie Boomer, 0:59:29; Kate Wooser, 1:07:41; (men's 40-

Riders in the "expert" 30-39 age division begin the first of their three laps during the Hanson Hills Challenge on Sunday, June 5.

**Local race series features
hundreds of cyclists**

The Hanson Hills Challenge – a series of bicycle races coordinated by Fun Promotions LLC and hosted by Grayling Recreation Authority (GRA) at Hanson Hills on Sunday, June 6 – featured hundreds of cyclists competing in a variety of divisions.

The races featured an 11-mile course that Justin Andre, Director of Operations for GRA, described as "single track (and) hilly," with "a little bit of everything."

The "elite" and "expert" classes did three laps, the "sport" class did two, and "beginner" one.

Temperatures for the day's races were high.

"Luckily most of it's out in the shade," Andre said.

Andre said he was expecting more than 300 riders, "mostly from out of town."

The race – set up through Fun Promotions LLC, a group that organizes a variety of bicycle and snowmobile events throughout the year – was part of the Michigan Cup Endurance Series. Michigan Cup riders accumulate points through-

Jorden Wakeley leads the "elite" men's division at the end of the first of three laps during the Hanson Hills Challenge on June 5.

out the season by competing in the series' races, with winners being announced by age division at the end of it all.

According to Fun Promotions' list of results, 235 competitors raced in Sunday's event. A complete list of results for the Hanson Hills Challenge is available on the Internet: http://www.funpromotions.com/cross_country_mountain_bike_results.htm.

Competitors from the "expert" 30-39 division, left, and the "expert" 50+ division, right, round a turn near the end of the first lap.

Riders in the "expert" 40-49 age division leave the starting line during the 2011 Hanson Hills Challenge on June 5.

ORDER TO ANSWER

At a session of said Court held at the Courthouse in the City of Grayling, Michigan on the 24th day of May, 2011.

PRESENT: Honorable Dennis F. Murphy (P31907)
Circuit Court Judge

On the 21st day of April, 2011, an action was filed by the above named Plaintiff against the above named Defendants, requesting Foreclosure of a Land Contract and other relief.

A Verified Motion for Order of Publication has been filed by the attorney for the Plaintiff in this matter, attesting to the fact that he is unable to effectuate service upon CDC & Company, Inc., by Certified Mail, Return Receipt Requested and further that he has made sufficient inquiry to determine a proper address where said Defendant can be served. Said efforts have not been successful.

Since service upon said Defendant, CDC & Company, Inc., cannot otherwise be effectuated, and it appearing to the Court that said Defendant can best be apprised of the pendency of this action by publication of an Order in a newspaper,

IT IS HEREBY ORDERED that the Defendant, CDC & Company, Inc., d/b/a/ Ted's Canadian Steak & Fish Company, a Michigan Corporation, shall serve their answer on John E. Rosczyk, Attorney at Law for the Plaintiff, whose address is P.O. Box 535, Roscommon, MI 48653, or take such other action permitted by law, on or before July 10, 2011. Failure to comply with this order may result in a Judgement by Default against said Defendant for the relief demanded in the Complaint filed in this Court.

IT IS FURTHER ORDERED that a copy of this Order be published once each week, for three consecutive weeks, in a newspaper circulating within Crawford County.

2010 Water Quality Report for the City of Grayling

This report covers the drinking water quality for the City of Grayling for the calendar year 2010. This information is a snapshot of the quality of the water that we provided to you in 2010. Included are details about where your water comes from, what it contains, and how it compares to Environmental Protection Agency (EPA) and state standards.

Your water comes from 2 groundwater wells located on the North East side of the City. In 2003 the State performed an assessment of our source water and determined Well 1 to have a low susceptibility to contamination and Well 2 to have a moderately low susceptibility. You may obtain a copy of this assessment report from City Hall, 1020 City Boulevard, Grayling, MI 49738.

Contaminants and their presence in water: Drinking Water, including bottled water, may reasonably be expected to contain at least small amounts of some contaminants. The presence of contaminants does not necessarily indicate that water poses a health risk. More information about contaminants and potential health effects can be obtained by calling the EPA's Safe Drinking Water Hotline (800-426-4791).

Vulnerability of sub-populations: Some people may be more vulnerable to contaminants in drinking water than the general population. Immunocompromised persons such as persons with cancer undergoing chemotherapy, persons who have undergone organ transplants, people with HIV/AIDS or other immune system disorders, some elderly and infants can be particularly at risk from infections. These people should seek advice about drinking water from their health care providers. EPA/CDC guidelines on appropriate means to lessen the risk of infection by Cryptosporidium and other microbial contaminants are available from the Safe Drinking Water Hotline (800-426-4791).

Sources of drinking water: The sources of drinking water (both tap water and bottled water) include rivers, lakes, streams, ponds, reservoirs, springs, and wells. Our water comes from wells. As water travels over the surface of the land or through the ground it dissolves naturally-occurring minerals and, in some cases, radioactive material, and can pick up substances resulting from the presence of animals or from human activity.

Microbial contaminants, such as viruses and bacteria, which may come from sewage treatment plants, septic systems, agricultural livestock operations and wildlife.
Inorganic contaminants such as salts and metals, which can be naturally-occurring or result from urban stormwater runoff, industrial or domestic wastewater discharges, oil and gas production, mining or farming.
Pesticides and herbicides, which may come from a variety of sources such as agriculture and residential uses.
Radioactive contaminants, which can be naturally occurring or be the result of oil and gas production and mining activities.
Organic chemical contaminants, including synthetic and volatile organic chemicals, which are by-products of industrial processes and petroleum production, and can also come from gas stations, urban stormwater runoff, and septic systems.

In order to ensure that tap water is safe to drink, EPA prescribes regulations that limit the amount of certain contaminants in water provided by public water systems. Food and Drug Administration regulations establish limits for contaminants in bottled water which provide the same protection for public health.

Water Quality Data

The table below lists all the drinking water contaminants that we detected during the 2009 calendar year. The presence of the contaminants in the water does not necessarily indicate that the water poses a health risk. Unless otherwise noted, the data presented in this table is from testing done January 1 - December 31, 2009. The State allows us to monitor for certain contaminants less than once per year because the concentrations of these contaminants are not expected to vary significantly from year to year. All of the data is representative of the water quality, but some are more than one year old.

Terms and abbreviations used below:

- Maximum Contaminant Level Goal (MCLG):** The level of a contaminant in drinking water below which there is no known or expected risk to health. MCLGs allow for a margin of safety.
- Maximum Contaminant Level (MCL):** The highest level of a contaminant that is allowed in drinking water. MCLs are set as close to the MCLGs as feasible using the best available treatment technology.
- AVE:** Average. N/A: not applicable. ND: not detectable at testing limit. ppb: parts per billion or micrograms per liter. ppm: parts per million or milligrams per liter. pCi/L: picocuries per liter (a measure of radioactivity). RAA: running annual average.
- Action Level (AL):** The concentration of a contaminant which, if exceeded, triggers treatment or other requirements that a water system must follow.

Samples Collected at the Wellhouse:

Regulated Chemical Contaminants	MCL	MCLG	Our Water	Sample Date	Violation Yes / No	Typical Source of Contaminants
Fluoride (ppm)	4	4	1.6 AVE	2010	No	Added to help prevent tooth decay.

Unregulated Chemical Contaminants ¹	Our Water	Sample Date	Violation Yes / No	Typical Source of Contaminants
Sodium (ppm)	3	08/02/2010	No	Erosion of natural deposits.
Calcium (ppm)	35	08/02/2010	No	Erosion of natural deposits.
Hardness (ppm)	152-154 AVE 158	08/02/2010	No	Erosion of natural deposits.
Magnesium (ppm)	15-18 AVE 16.5	08/02/2010	No	Erosion of natural deposits.
Sulfate (ppm)	4-6 AVE 5	08/02/2010	No	Erosion of natural deposits.
Chloride	10	08/02/2010	No	Erosion of natural deposits.

¹Unregulated contaminants are those for which EPA has not established drinking water standards. Monitoring helps EPA to determine where certain contaminants occur, and whether it needs to regulate those contaminants.

Samples Collected in the Distribution System:

Contaminants Subject to an Action Level	Action Level	90% of Samples ≤ This Level	Sample Date	Number of Samples Above AL	Typical Source of Contaminants
Lead (ppb)	15	0.004	08/12/2009	0	Corrosion of household plumbing systems. Erosion of natural deposits.
Copper (ppm) ²	1.3	0.10	08/12/2009	0	Corrosion of household plumbing systems. Erosion of natural deposits. Leaching from wood preservatives.

Information about lead: If present, elevated levels of lead can cause serious health problems, especially for pregnant women and young children. Lead in drinking water is primarily from materials and components associated with service lines and home plumbing. The City of Grayling is responsible for providing high quality drinking water, but cannot control the variety of materials used in plumbing components. When your water has been sitting for several hours, you can minimize the potential for lead exposure by flushing your tap for 30 seconds to 2 minutes before using water for drinking or cooking. If you are concerned about lead in your water, you may wish to have your water tested. Information on lead in drinking water, testing methods, and steps you can take to minimize exposure is available from the Safe Drinking Water Hotline or at <http://www.epa.gov/safewater/lead>.

Microbial Contaminants	MCL	MCLG	Positive Samples	Violation Yes / No	Typical Source of Contaminants
Total Coliform Bacteria	1 positive monthly sample	0	2	Yes	Naturally present in the environment.
Fecal Coliform and E. coli	Routine and repeat samples are total coliform positive, and one is also fecal or E. coli positive.	0	0	No	Human and animal fecal waste.

Monitoring and Reporting Requirements:

The State and EPA require us to test our water on a regular basis to ensure its safety. We met all the monitoring and reporting requirements for 2009.

We, the City of Grayling employees, make every effort to provide quality water to every City of Grayling water tap. We ask that all our customers help us protect our water sources, which are the heart of our community, our way of life, and our children's future. As part of a continuing effort to protect our water sources the City of Grayling began the process of implementing a Wellhead protection program in 2003 with delineation of Well 2. Delineation for Well 1 was submitted in 2009 and a revised Wellhead Protection Area was approved by the State of Michigan. A Wellhead protection program is a planning and management approach to protect groundwater supply systems from contamination by identifying and managing potential sources of contamination that can affect water supply wells.

We invite public participation in decisions that affect drinking water quality. City Council meetings are held the second and last Monday of each month, 7:00PM at Grayling City Hall, 1020 City Boulevard, Grayling, MI 49738. For more information about your water, or the contents of this report, contact Chad Buckert at 989-348-2131 or send email to chad@cityofgrayling.org. For more information about safe drinking water, visit the U.S. Environmental Protection Agency at www.epa.gov/safewater/.

We will update this report annually and will keep you informed of any problems that may occur throughout the year, as they happen. Copies are available at City Hall, 1020 City Boulevard, Grayling, MI 49738, or this report can be viewed on the Internet at www.cityofgrayling.org. This report will not be sent to you.

A Look At Our Past FROM THE PAGES OF THE AVALANCHE

23 Years Ago June 16, 1988

A small aircraft on route from Kalamazoo to Gaylord on a business trip Sunday, June 13, made an emergency landing on Morristown Road. The single engine Cessna, piloted by Roger Beyer of Paw Paw, was flying at 9,000 feet when the engine stalled. Beyer tried unsuccessfully to restart the engine. The plane drifted as it lost altitude until Beyer landed the airplane on the gravel road in Beaver Creek Township. The pilot and his three passengers were uninjured.

The following students were nominated for Grayling Middle School Student of the Month: Jessica Walters, Jessica Roy, Tammy Green, Livy Hartwick, Rachel Anderson, Angie Papendick, Melanie Ross, Cory Neilson, Ron Hough, Amy Anthony, Jamie Respecki, Chip Waite, Dan Jurkovich, Darwin Wilson, Jason Neely, Josh Cox, Joel Lord, Cora Reynolds, Casie Hartwick, Patty Puls and Kelly Walters.

Billed as Homecoming Week, the Camp Grayling Diamond Jubilee celebration

June 21 - 26, will be one of the most action packed weeks in Grayling and Crawford County history. Jerry Reed, singer, songwriter, actor and humorist will perform Friday.

46 Years Ago June 17, 1965

Long recognized as a top canoe race in the United States and Canada, the 18th running of the 240 mile canoe marathon from Grayling to Oscoda is expected to gain more interest this year as the attraction will be held at an earlier date than previous years. In recent years the race has been a two day affair with races stopping overnight at Mio. This year the race will return to its original marathon status and be non-stop from its original point at Grayling to the finish line in Oscoda.

The annual awards program took place in the Grayling High School gym on Wednesday afternoon, June 9. Members of the faculty made the presentations. Some of the award winners were: for the Crisco Homemaking Award went to Janet Hubbell and the Homemaking award pin went to Vicki Nelson. The Vocal Music Award went to Carolyn Klein and she also received the John Phillip Sousa band award and pin. The Athletic Award went to Edward Robertson and Terry

Smith. Track letters were won by Richard Smith, Ron Lovell, John Sorenson, Mark Day, Ken Halstead, Bob Smock, Mike Corlew, Steve England, Dave Nethers, Tom Hatfield and D. Bailey. HOROSCOPES

Week of June 12, 2011

December 22 - January 19

One, two, three, four, sound off, Capricorn! You have kept quiet long enough. Time to let it all out. Yes, there will be shock, but for once, you will be heard.

March 21 - April 19

Tragedy befalls a friend. Do what you can to help. Aries. Old friends drop by for a chat, and before you know it, the photos come out and the trip down memory lane begins.

June 22 - July 22

A deadline draws near. Don't rush so much you overlook something. Cancer. Work quickly with an eye on detail. Communication breaks down at home.

September 23 - October 22

Speak too harshly, and you'll have a friend quaking in their boots. Fear doesn't bring change; wisdom does. Watch your tongue, Libra. A money matter is clarified.

January 20 - February 18

You're good with money, but not nearly as good as an acquaintance. Seek them out for advice. Aquarius. What they do is not unique, but how they do it is.

April 20 - May 20

You hate to rain on people's parade, but you're in charge, and you're going to have to mix the idea. The bottom line warrants nothing but, Taurus.

July 23 - August 22

The invitation to the party of all parties arrives. Start making plans now to attend it. A well-deserved promotion comes to one you love. Congratulate them, Leo.

October 23 - November 21

There's so much going in your life now you may feel like retreating. Don't, Scorpio. There will be time for that later. A promise is kept, making hearts all aflutter.

February 19 - March 20

Hang on to your hat, Pisces. A fresh face is about to rock your world. Sensible ideas fall flat at work. Time to think outside of the box. A project is approved.

May 21 - June 21

Cheer up, Gemini. Better times are coming. Clotheshorses get into an all-out war. Step in and play peacemaker, or prepare for your home to fall apart.

August 23 - September 22

Get out of a friend's big slindig! Not on your life, Virgo. Beg off, and you won't like what happens when the shoe is on the other foot. An offer arrives.

November 22 - December 21

The clowning around takes a bad turn at the office. Duck out while you can, Sagittarius. Exercise goals move front and center as a project at home wraps up.

RECIPE OF THE WEEK

PORK AND PINEAPPLE KABOBS

Ingredients:

- 1/2 cup BBQ Sauce
- 2 Tbsp. Dijon mustard
- 1 Tbsp. finely chopped fresh rosemary
- 1 lb. boneless pork chops, cut into 1-inch pieces
- 1 cup fresh pineapple chunks (1 inch)
- 1 cup green pepper squares (1 inch)
- 1/2 cup red onion chunks (1 inch)

Directions:

MIX first 3 ingredients. Reserve 1/4 cup sauce for later use. Pour remaining sauce over chops in shallow dish; turn chops over to coat both sides of each. Refrigerate 15 min. to marinate.

HEAT barbecue to medium-high heat. Remove meat from marinade; discard marinade. Thread meat onto 8 skewers alternately with pineapple, peppers and onions.

GRILL 12 to 14 min. or until meat is done, turning occasionally and brushing with reserved sauce.

Substitute 1/2 tsp. dried rosemary leaves for the fresh rosemary.

Meat can be marinated up to 24 hours in refrigerator before grilling as directed.

Prep Time: 10 mins
Cook Time: 12-14 mins
